

# Western Regional Counterdrug Training Center

## Enhanced Illicit Drug Manufacturing **8HRS**

This course provides members of the counterdrug nexus with fundamental knowledge and overview of characteristics and hazards within the illegal drug market, as well as hazards associated with clandestine lab production, level C donning and doffing, and a hands-on pill production activity, where officers utilize a pill press to produce glow-germ pills. This course is designed to train responders in the identification meth labs, MDMA illegal marijuana grows, BHO Labs, conversion labs, DMT labs, PCP labs, synthetic cathinones, synthetic cannabinoids, and pill mills.
