

Western Regional Counterdrug Training Center

Photo Analysis (geolocation)

This course teaches students basic techniques to geolocate where a picture or video was taken through a combination of reverse image searches and online searching. This course uses both lecture and practical exercises to teach the students. Upon course completion students will have acquired new techniques to analyze pictures and videos in order to aid their investigations.

Cost: FREE

Requirement: Student must bring a laptop/tablet for this class.

Duration: 4 Hours

When
14 Oct 0800-1200
